# just2Strangers

## " r a g g a j a z z "

The following describes the meeting and collaboration of the two main actors of this album:

Rens Newland - guitarist and composer and Cloud Tissa - vocalist and lyricist: Across the furthest corners of the world comes an album that was destined to happen. Two Strangers, is an inevitable encounter between two unlikely collaborators. With the artists each on a winding journey of love, wisdom, and discovery, the album is infused with influences from their respective voyage across the world. Across the album's landscape comes an assortment of musical compositions and influences: from urban Afrobeat to Jazz, Soul, and RnB, with mellow Ragamuffin, Rap and Reggae infusions. The journey of the music, and the artists, is one of wonder. From the cool North Sea waters in Amsterdam, the proud glacier covered mountains and deep green meadows of Austria, the glamour of the Mediterranean, to the awe inspiring Sahara sands, the Kalahari desert and the tempest of the bluest Caribbean seas, the two strangers mount and descent peaks and valleys in melodies and tunes as diverse as the roads that led to their junction.
