## gerhard aflenzer Broadway Bigband feat.: Martin Breinschmid "tribute to Lionel Hampton"

In spite of the importance of Lionel Hampton in Jazzhistory there are not many vibraphonists following his tradition. Martin Breinschmid does! He did not only inhale the spirit of the Master, he also knows how to play the style. But he is not imitating, it is more like interpreting. Hampton would have joyed listening to this. One more fact links the two vibraphone players: Martin breinschmid also doubles on drums, what gives his playing this special percussive character! The Broadway Bigband is the ideal partner for this CD, which was recorded on the occasion of the 100th birthday of Jazz legend Lionel Hampton.

Bandleader Gerhard Aflenzer always launches interesting Projects like „Swing meets Classic“, „Legends of Las Vegas“ or this recent „Tribute to Lionel Hampton“. It is not enough and satisfying for him just doing the all over known old arrangements of Glenn Miller and other Swing greats (he CAN do this too), he wants to put the style into a form for here and now, for the audience of today! A goal that was excellently reached with this TRIBUTE TO LIONEL HAMPTON album!
